Premium Carnival Game Booth

Angry Birds

Can't get enough of Angry Birds? Well we can't either! So we decided to bring you this life-sized version of the hit game. Just like the virtual game, you will use a catapult and angry bird soft toys to shoot down the targets. We are willing to bet that you'll be hooked to this one.

Duck Hunt

This typical Carnival game requires players to shoot the yellow ducks with a gun. All you need is a steady pair of hands, and a good aim to knock off those ducks, one at a time.

Burst Em

Ready, aim, pop! Your typical balloon bursting game guarantees loads of fun for adults and kids alike. Each player will be equipped with 3 darts, using which you will try to burst the balloons in front of you.
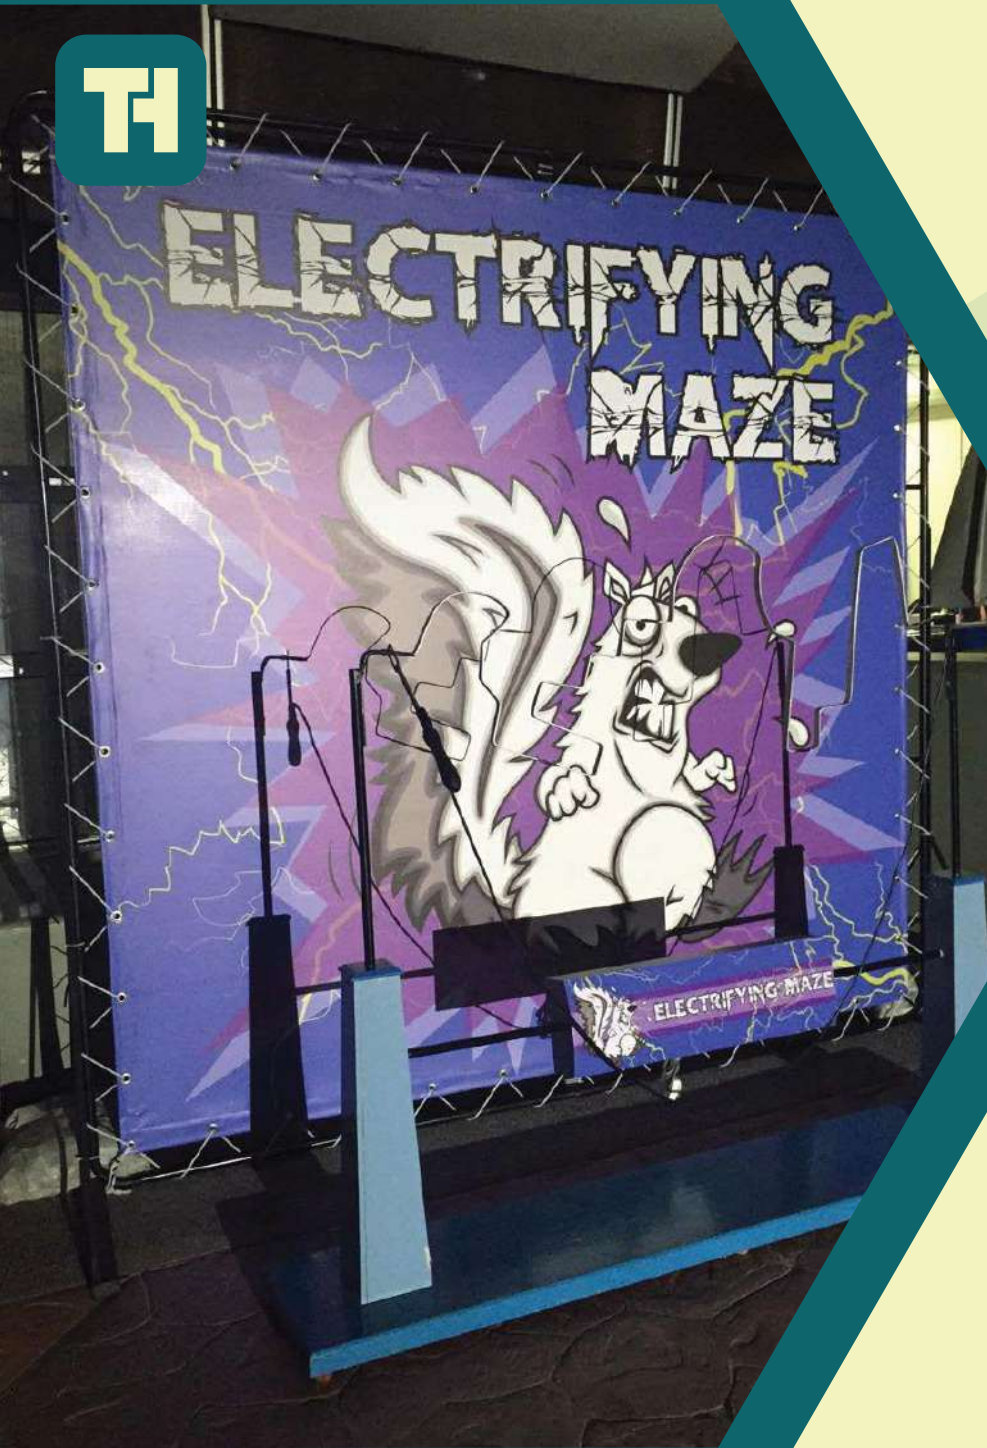

Sticky Ball

Here's yet another crowd pleaser. Players are given 3 suction balls which have to be thrown towards a spinning wheel. The aim of the game is to get these balls to stick to the target circles.

Electrifying Maze

A game designed to test your hand and eye coordination, and get you 'buzzing' with excitement. Using a metal rod, players have to navigate their way to the finish line without allowing the rod to touch the maze structure. A loud BUZZ will inform you if you've failed.

F1 Kraze

A game that's popular with both adults and children alike, the F1 Kraze requires players to steer the ball along the 'race track' and into the hole at the end of the track. Each player will be given 3 tries. Be warned, it's a lot trickier than it looks!

Krazy Bean

Time to let loose and get a lil Krazy! Have you ever tried cracking a nut with a hammer? Well, now's your chance. All you need to do is use your hammer to crack a nut that comes flying at high-speed. It's that simple…. or is it?

Penalty Shoot

Like any football game, the aim is to kick the ball through the net. The catch? The 'net' is in reality a small hole, just a little bigger than the football.
Time to practice those kicks!

Tropical Bowl

You will definitely be bowled over by this tropical themed game. Instead of using regular bowling balls, players will bowl using coconuts. A great opportunity to bond with other players and share some laughs!

Flying Saucer

This is one of those games that you just want to play over and over again. All you have to do is toss the Frisbee into the clown's mouth, in three tries. It's as simple as that. An easy and fun game for all ages!

Slam Dunk

A good old fashioned game of basketball always gets people excited. In this game of "Slam Dunk", each player is given three tries to get the ball into the hoop. Could you be the next Michael Jordan?

Krazy Kans

Test your concentration and aim, to see if you can break the pyramid of cans. Each player gets three shots, but we guarantee that you will want many more!

Krazy Ball

Krazy ball is adicting, just like gambling. The game looks like a wrestling ring but with 49 holes in it. Simply toss the ball and if it lands on a yellow, red or black hole, you win.

Plinko

Try your luck at Plinko! Each player is given a plastic chip, placed at the top of the board, which they have to shoot through a maze of needles, into one of the 5 slots at the bottom of the board. Plinko can be played almost anywhere, and customized to suit different occasions.

Magic Wheel

Always a crowd-pleaser, the Magic Wheel is a game of chance modeled after the popular Wheel of Fortune. Best of all, it can be customized to suit your occasion and theme.

Mini Golf

Try your hand at our Mini Golf game, with a twist. The aim is pretty straightforward – to hit the golf ball through the obstacles and into the hole. Let's see if you're ready for the greens!

Golden Egg

This is a classic game of luck and great for all ages. The object the game is to put your hand in one of the holes if you are lucky enough you will find the golden egg. If you don't find the golden egg you will pull out a white egg.

Horse Shoe Toss

This game is played everywhere. Players are given 3 horseshoes which has to be launched into a stake. Suitable for all ages.

Over N Under

This game of skill allows players to roll all 6 balls down the game board, then add up the total number of balls. Totals under 12 or over 24 wins.

Toxic Ball

Bounce a ball off the Toxic platform and into the toxic ball catcher. This game of skill is easier said than done. Make 1 out of 3 balls and you're a winner.

Tic Tac Toe

This is similar to conventional Tic Tac Toe, except it's larger than life and much more interesting, in our opinion. Players are given 3 or 4 balls to be thrown into a box with 9 compartments. Get three balloons in a straight line, and you win!

Lucky Ducky

On your marks, get set, Quack ! Our duck fishing game requires you to fish out 3 ducks from the pond within a minute. There's nothing fishy going on here!

Zart Attack

Ready, aim, attack! Test your darting skills in this suction dart game by aiming for the red circle targets. To add more challenge and excitement, try landing the zarts on target on a spinning wheel !

Ring Toss

Just like the old school "ring-a-bottle" carnival game, players are required to toss the colourful rings into the bottle-shaped pegs. This game tests your hand-eye coordination, precision and accuracy. Toss your way to a whole lotta fun!

Shark Attack

Ready, steady, fire! Test your aiming and shooting skills by gunning down these hungry sharks. Make every bullet count!

Froggy Hop

The goal of this game is to get the frogs to land on the "lily pad" from the launcher by hitting it with a hammer.

Don't stop till you get the perfect hop!

Boom Blaster

Go head on with your opponent & find out what it takes to be the first to blast the balloon!

Joey Jump

Step on the board and launch the Joey into it's mother Kangaroo pouch.

Dunk Zone

Nothing like a good old fashioned water dunk to thrill the crowd. With the launch of a ball, the target's fate is decided. See if you are a 'splash' hit or a total miss.

Mini Tornado Box

Some call it the money chamber, some call it the wind chamber. We call it the Tornado Box ! "Whirl" up your lucky draw or prize giveaway events with this item ! This smaller unit uses ping pong balls.

Tornado Box

Some call it the money chamber, some call it the wind chamber. We call it the Tornado Box ! "Whirl" up your lucky draw or prize giveaway events with this item ! This bigger unit uses thin pieces of paper.

High Striker

Who can resist picking up a maul and banging the Striker as hard as you can? This incredible carnival game is always a hit. People play it over and over again, trying their best to ring the bell. A great game for any event, and best of all it's portable, fun and easy to use.

Airbrush Tattoo

The best way to get a tattoo and not freak out your parents! Airbrush Tattoos are the most realistic temporary tattoos on the market. They are applied using an airbrush. Usually sprayed through a type of stencil onto the surface of the skin with a specially formulated paint. Not to be confused with Henna tattoos Airbrush Tattoos are form of paint that sits on top of the skin. They generally last between 2 and 7 days.

Caricature

A caricature is a portrait that exaggerates or distorts the essence of a person, to create an easily identifiable visual likeness. The difference between a caricature and a cartoon is that caricatures are a satirical illustration of a person or a thing, whereas a cartoon is the satirical illustration of an idea. Caricatures are black and white, in pen on paper. They take about five minutes each. Capture good likenesses of your guests, as caricatures are usually funny, and quite kind. Although really grotesque ones available on request!

Giant Bubble

Place a bubble of joy and happiness around your event with this activity. A fun-filled activity for both kids and adults. Come test your gigantic bubble-making skills with the various equipment.

Face & Body Painting

Face and body painting is temporary, painted onto the human skin, and lasts for only several hours. Children and adults alike get excited with the prospect of having their faces or parts of their body as art expression pieces. And they make for amazing event photographs too!

Hair Wrap

Hair Wraps are made up of your selection of colours wrapped around a few strands of your hair and finished off with beads at the end. The threads are 100% cotton and will not fade or break so you can wash your hair and swim as normal. The average hair wrap only takes 10 minutes for us to do. Hugely popular with the young and mature alike!

Henna Tattoo

Henna Tattoos are a centuries old Body Art tradition, and have been made hugely popular amongst the younger generations by Madonna and other celebrities. Once the designs are drawn free-hand with Henna paste, a natural staining process begins on the skin. Your guests will witness their Henna actually darken in time to a warm reddish-brown image that can last up to two weeks! Our Henna is safe and all natural. It contains no man-made chemicals.
